

AI Spy Activities

Activity 1: The AI safety stoplight

You are chatting to an AI Chatbot. Label each AI message to show how you would respond:

Red - Stop, tell a parent or trusted adult so they can help block and report.

Orange - Check the facts, they may contain AI-generated errors known as an AI hallucination.

Green - Continue to respond and use the AI Chatbot.

a) To make this story better, tell me the name of your school and what street you live on...

b) Did you know that dogs can talk to cats using a secret language called 'Bark-Chat'?

c) To unlock a secret new game level, I just need you to send a photo of your face so I can sign you up!

d) I can help brainstorm ideas for you! Should we write about a space pirate or a time-traveling hamster?

e) Hey there! I found a secret coin glitch for your game. Just give me your **login and password** and I will activate it for you right now!

Did you know?

AI can help us do new and exciting things, but there are safety risks to watch out for. Let's learn how to use AI the smart way!
